

Coordinate Unit Movement

Enabling Learning Objective A

ACTIO

NIdentify Unit Movement Planning Coordination Requirements.

CONDITI

ON
In a classroom environment, as leader of a company size unit, you have received a warning order directing your unit to prepare to deploy in support of an Army or Joint mission, and given unit SOP and unit movement directives.

STANDARD

DEstablish liaison with all agencies involved in your unit's movement of personnel and equipment, determine coordinating responsibilities, and request transportation to support the movement. The unit must be prepared to move to the port of embarkation (A/SPOE) without delay upon receipt of the movement order to arrive on the date

FORSCOM Reg 55-1

□ Review Policy

- Delineates Specific Coordination Requirements Between Deploying Units & the Organizations that Support Unit Movement; Provides the Basic Info on Movement Planning Coordination Requirements**
- Determine Responsibilities**
- *UMO: Primary POC for Coordination Between Unit, Installation & Other Commands for Overall Transportation Support***

□ Note Specific Coordinating Requirements

- FORSCOM is Focus of Coordination Info**

CONUSA

- ▮ ***Coordinates Unit Movements within Geographic Area***
- ▮ **Planning Guidance, Training Programs, AUCL**
- ▮ **Emergency Highway Traffic Regulations (EHTR)**
- ▮ **Port Liaison Element Provides Liaison Between Port and CONUSA at the SPOE & SPOD for Arrive/Department**

STARC

- ▮ ***Appoints Defense Movement Coordinator (DMC)***
- ▮ **Ensures Updated Unit Movement Data**
- ▮ **Subordinate Unit Mobilization / Deployment Plans**
- ▮ **State Movement Control Center**

USARC

- ▮ Appoints Unit Movement Coordinator (UMC)**
- ▮ Ensures Updated Unit Movement Data**
- ▮ Subordinate Unit Mob / Deployment Plans**
- ▮ Provides Support to UMOs**

INSTALLATION UMC

- ▣ Transportation and Movement Documentation**
- ▣ Arrival and Departure Times at Installation**
- ▣ Shipment Mode Configuration**
- ▣ Convoy Clearances**
- ▣ Provide Support to UMOs**

Enabling Learning Objective B

ACTIO

N Prepare for Customs Inspection

CONDITI

ON In a classroom environment, as a leader of a company size unit, you have received a warning order directing your unit to prepare to deploy in support of an Army or Joint mission, and given unit SOP and unit movement directives.

STANDARD
D Prepare personnel baggage, unit vehicles, equipment and supplies for successful clearance through the customs process without any delays which interfere with the timely movement of the unit through the port of embarkation (A/SPOE).

CUSTOMS INSPECTION

- ▣ **Alert Customs**
- ▣ **Prepare Lists**
- ▣ **Remove Extraneous Materials**
- ▣ ***Coordinate Classification Issues With Intel (S2): Make Arrangements to Prevent Inspection of Classified Materials***
- ▣ ***Maintain Records: A Shipment Cannot be Changed By Having Anything Added or Removed Once Inspected by Customs***
- ▣ **Comply with Agriculture Directives**
- ▣ ***Remove Contraband: War Trophies; Live Plant Material; Illicit Drugs; Items Manufactured in Countries Excluded from Import Privileges;***

LESSON SUMMARY

During this lesson we discussed:

- FORSCOM Reg 55-1**
- CONUSA**
- STARC**
- USARC**
- Installation UMC**
- Equipment Storage Site**
- Commercial Transportation**
- Customs Inspection**
